Subject — Re the leasing of Municipal Toll Gates at Melkote

I have the honour to state that the Government have in their Order No O M L 6761-71-M1 131-39-3 dated 1st February 1940 directed that the Municipal Toll Gates in the State be worked by Departmental Agency and in accordance with the instructions contained therein the Municipal Toll Gates of Melkote are being worked departmentally from the year 1940-41

The Municipal Council, Melkote, have at their meeting held on 31st May 1941 resolved that the Toll Gates may be farmed out during the year 1941-42 as the realisations after they came to be worked departmentally are discouraging

The President Municipal Council, Melkote, in submitting his report No C 86/40-41 dated 20th July 1941 has stated that the gross income realised by the working of the Toll Gates under the Municipal Agency during the year 1940-41 is Rs 484-13-0 and the establishment charges incurred on this account was Rs 360/- while the income under the head during the several years 1936-37 to 1939-40 when the right had been leased out was Rs 500/- Rs 410/-, Rs 390/- and Rs 426/-

The contention of the Municipal Council that the income under this head has been greatly curtailed appears to be real I request you kindly to obtain the sanction of Government, as a special case,

p t o

for exempting Melkote Municipality from the operation of the above Government Order so that the Municipal Council might farm out the Tolls and save the expenditure on the establishment with effect from 1st October 1941

The resolution of the Municipal Council in this behalf together with a copy of the Government Order is enclosed herein for favour of your kind reference

I have the honour to be,

Sir,

Your most obedient servant,

DEPUTY COMMISSIONER

OFFICIAL MEMORANDUM

Order No L 6761-71-M1 131-39-3 Dated Bangalore the
1st February 1940

At the Budget Session of the Representative Assembly in June 1939, a suggestion was made that the system of collecting tolls in Municipalities by leasing out the right in auction might be done away with as it has been a source of trouble and harassment to the public and that the collection might be recommended to be done amani by the Municipal Councils concerned The position has since been examined with reference to the practice prevailing in the several Town and Minor Municipalities where the levy of toll is in force Government observe that disposal of this right by auction is liable to abuse and has been abused and that it will be to the convenience of the public if the collection is done departmentally through the municipal agency The services of the octroi establishment might be made use of for collecting the tolls, if possible Articles liable to octroi can also be subjected to close and effective check at the cookads and this will ensure better collections under octroi Having regard to these facts the Deputy Commissioners of Districts are requested to advise the Municipal Councils which are levying tolls to adopt the system of collection by departmental agency with effect from next year
